

For Immediate Release:

Sustaintech invited to become a member of Nexus

During the Nexus 6th Annual General Meeting in Singapore, Members of Nexus Carbon for Development voted to invite Sustaintech India Private Limited to become a member of Nexus Carbon For Development.

Nexus Carbon For Development is a cooperative of development organizations acting for a better world by identifying, educating, and enabling the poor to have a real and improved access to and control over energy and other natural resources and services while ensuring that they are managed sustainably and responsibly. Nexus also influences global, regional and national players in carbon finance and development sectors to embrace its values through action and dialogue.

Nexus and its members are committed to

Co-operation and solidarity

Transparency and fairness

Responsibility and reliability

Creativity and innovation
